DIGITAL MARKETING

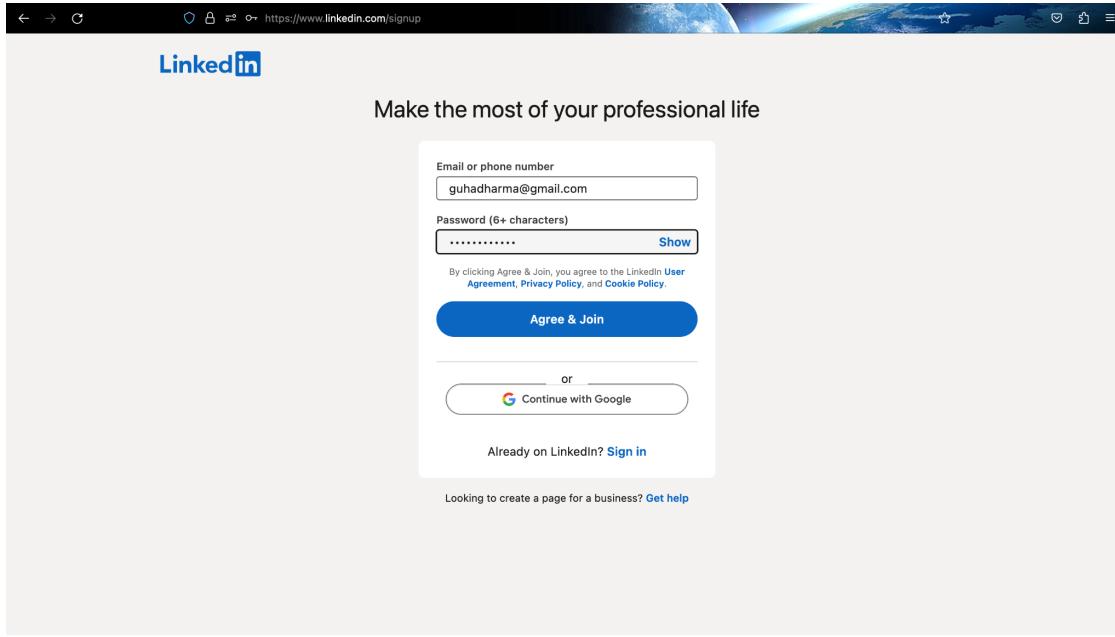

ASSIGNMENT

✓ LINKEDIN CREATION:

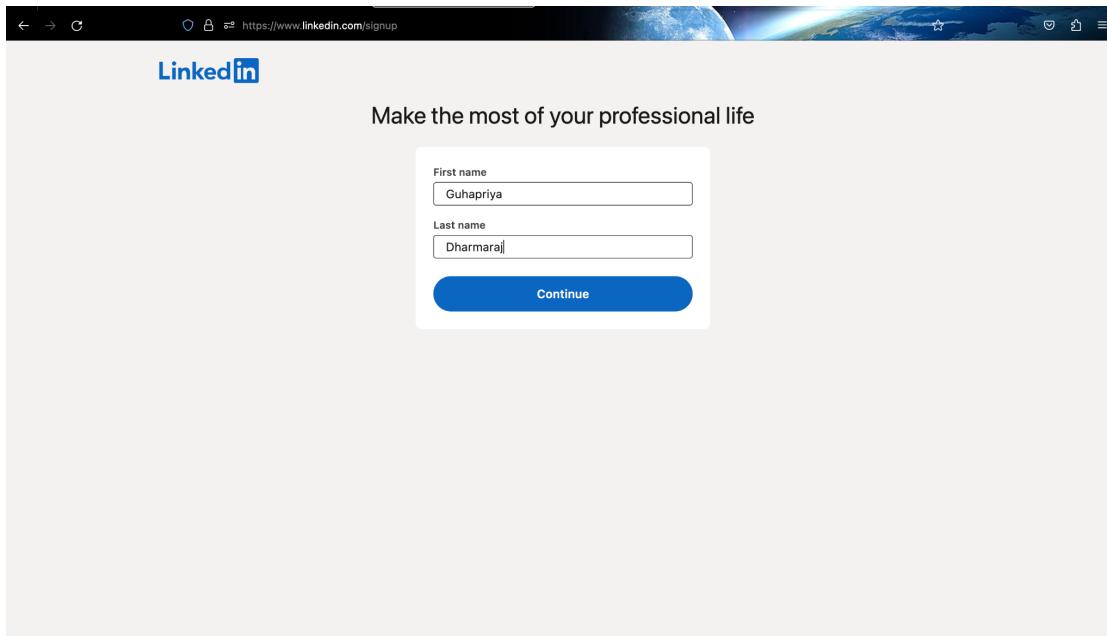

- Visit LinkedIn: Go to LinkedIn's website at [www.linkedin.com](https://in.linkedin.com).
- Sign Up: On the LinkedIn homepage, you'll see a "Join now" or "Sign up" option. Click on it.

- Provide personal information and complete the profile.

The screenshot shows the LinkedIn sign-up page at <https://www.linkedin.com/signup>. The page has a header with the LinkedIn logo and a tagline "Make the most of your professional life". A large input field for "Email or phone number" contains "guhadharma@gmail.com". Below it is a password field with "Password (6+ characters)" and a "Show" link. A small note below the fields states: "By clicking Agree & Join, you agree to the LinkedIn User Agreement, Privacy Policy, and Cookie Policy." A prominent blue "Agree & Join" button is centered. Below the main form is a "Continue with Google" button. At the bottom, links for "Sign in" and "Get help" are visible, along with a copyright notice: "LinkedIn © 2023 About Accessibility User Agreement Privacy Policy Cookie Policy Copyright Policy Brand Policy Guest Controls Community Guidelines Language".

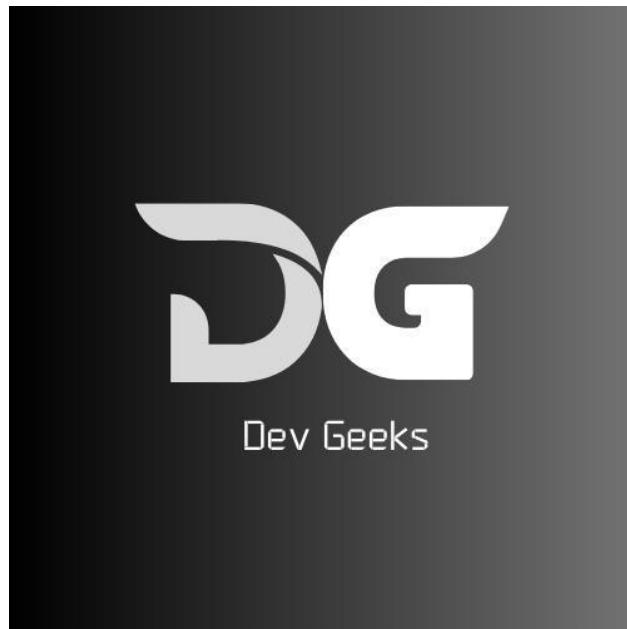

This screenshot shows the continuation of the LinkedIn sign-up process. The user has entered "Guhapriya" in the "First name" field and "Dharmaraj" in the "Last name" field. A blue "Continue" button is at the bottom of the form. The rest of the page is identical to the first screenshot, including the header, tagline, and footer links.

- We will be redirected to the home page.

The screenshot shows the LinkedIn homepage with the URL <https://www.linkedin.com/feed/>. The top navigation bar includes Home, My Network, Jobs, Messaging, Notifications (with 10 notifications), and Me. A banner at the top says "IF YOU BELIEVE IN YOURSELF, YOU DO IT". The left sidebar displays "Welcome, Guhapriya!", profile viewers (25), connections (158), and a "Try Premium for free" button. The main feed shows a post from "Java / J2EE / Core Java / Corejava / Java Developer /..." by Nabil Daghrabi, a poll asking "What is the output of the following Java code?", and a promoted post from IBM about IBM Instana. The right sidebar features "LinkedIn News" with articles like "Managing time as an intern" and "Corporate gifts go green". It also includes a "Follow" button for Tile Inspiration & Trends and a footer with links to About, Accessibility, Help Center, Privacy & Terms, Ad Choices, Advertising, Business Services, and a copyright notice for LinkedIn Corporation © 2023.

✓ GOOGLE ANALYTIC MEASUREMENT ID: G-W9TY4J5NK3

- Visit Google Analytic official page

The screenshot shows the Google Analytics homepage. At the top, there's a navigation bar with the Google Analytics logo and a search bar. Below the header, a large "Welcome to Google Analytics" heading is centered. A sub-headline below it reads: "Google Analytics gives you the free tools you need to analyze data for your business in one place, so you can make smarter decisions." A prominent blue "Start measuring" button is located just below the headline. The main content area is divided into three main sections: "Complete information" (describing how it helps understand site and app users), "Get insights only Google can give" (describing unique insights and machine learning), and "Connect your insights to results" (describing how to use insights). To the right of these sections is a graphic featuring two people (a man and a woman) interacting with a smartphone and a laptop, respectively, in front of a large monitor displaying various charts and graphs.

- Create an account by means of enter details

The screenshot shows the "Create an account" step of the Google Analytics account creation process. It features a five-step progress bar at the top labeled "Account creation", "Property creation", "Business details", "Business objectives", and "Data collection". Step 1 is highlighted with a blue circle. Below the progress bar, the heading "Create an account" is displayed, followed by a sub-instruction: "Create an Analytics account to collect and organize data. Accounts can access multiple data sources, using one or more measurement IDs." A form field for "Account name (Required)" is present, with the placeholder "My New Account Name". A note below the form states: "Google Analytics is a business tool. Use it exclusively for purposes related to your trade, business, craft, or profession." At the bottom of the section, there's a "Account Data Sharing Settings" link with a help icon, a note about Google's data processing practices, and a "Send feedback" link.

- Then click Web to create a Stream.

The screenshot shows the 'Set up data stream' interface in Google Analytics. On the left, a sidebar menu is visible with options like 'Create', 'Admin', 'My preferences', 'Setup Assistant', 'Account settings', 'Property settings', 'Data collection', 'Data streams', 'Data collection', and 'Data import'. The 'Data streams' option is currently selected. The main area is titled 'Set up your web stream'. It contains fields for 'Website URL' (set to 'https:// devgeeks01.blogspot.com/') and 'Stream name' ('Dev Geeks'). Below these, there's a section for 'Enhanced measurement' with a toggle switch turned on. A note explains that it automatically measures interactions and content on the site. Under 'Measuring', there are icons for 'Page views', 'Scrolls', 'Outbound clicks', and '+ 4 more'. At the bottom is a large blue 'Create stream' button.

The screenshot shows the 'Stream details' page for the 'Dev Geeks' stream. The sidebar on the left remains the same. The main content area displays the stream's name ('Dev Geeks'), URL ('https://devgeeks01.blogspot.com/'), Stream ID ('6330187912'), and Measurement ID ('G-W9TY4J5NK3'). Below this, there's a section titled 'Events' with a 'Enhanced measurement' subsection. It includes a note about measuring interactions and content, a toggle switch (turned on), and a 'Measuring' section with icons for 'Page views', 'Scrolls', 'Outbound clicks', and '+ 4 more'. There are also three expandable sections: 'Modify events', 'Create custom events', and 'Measurement Protocol API secrets', each with a brief description and a 'Learn more' link.
